

Wimbledon RFC Members Card

31 August 2023

The Club has invested in a new till system in the bar and at the food counters which has enabled the club to launch a Members Card. Payments made using a Members Card will receive a 10% discount off food and drinks.

The card allows you to preload funds which you can use in the bar, at the coffee counter or at the BBQ. You will be able to load money onto your members card at the bar in the clubhouse via a bank card, or online/ via the app where you can also see your balance and recent transactions. Funds loaded on to your card cannot subsequently be transferred off your card but need to be spent at the club.

Each season, as part of collecting membership subscriptions, we will be taking a payment to be added to your Members Card. For season 2023-24 this will be £30. To prevent excessive funds being rolled from season to season, creating a liability for the club, any funds remaining on members cards on the 31st of July will be taken by the club as a donation.

Please note: no card, no discount. If you lose your card, replacement cards can be issued on payment of £5, usually within 10 days.

Cards will be distributed from the clubhouse upon the payment of membership subscriptions across all forms of club membership from playing to social. It will take up to 10 days from payment of subs to having your Members Card available to collect. **Please keep hold of your Members Card, as new ones will not be provided each season.**

If you have not received your card or believe you should have one, in the first instance check with the bar staff. If you still have an issue, please contact Matt Pickin or Scott Roberts.
