

Wimbledon RFC Membership & Membership Cards 2026 onwards (Dec 2025)

Introduction

Wimbledon Rugby Football Club uses two systems to take payments for our various membership schemes. These are the Rugby Football Union (RFU) Game Management System (GMS) and Spond.

Every membership of the club is composed of two parts:

- A Club Membership (one per family with playing minis, youth, netball and inclusive, otherwise one per adult)
- Subscriptions for Section Membership (eg Mens, Womens, U22, Youth, Mini, Walking, VP's, Life Members, Netball, Social, Inclusive, etc)

Club Memberships

Be they personal or family, Club Members get a Members Card which is credited with their club membership subscription to spend at the bar or the BBQ in the clubhouse on food and drink. Members Cards give a 10% discount on food and drinks and cards can be topped up at the bar via a debit/credit card.

Members Cards are for lifetime card and will be topped up by the Club with the club membership subscription, for the 25/26 season this is £30, when annual memberships are renewed. The replacement of a lost card will be charged, with the current rate £5.

The membership of the club has decided, by vote at the AGM, that ***at the end of the Wimbledon RFC membership season (end of June), members cards would continue to be active until the 31st of August. At this point any member who has not renewed their membership for the coming season will have their card frozen. When membership has been paid for that season the membership card will be reactivated within 7 to 10 days.***

In the absence of membership being renewed by the 30th of September, to avoid the accrual of any ongoing liabilities related to the

members card, the balance of funds left on the card will be treated as a donation to the club. Any subsequent payment of membership will not see the funds being returned to the member's card.

Members' cards shall be exclusively utilised by the cardholder or their immediate family. Members who use other members' cards without prior authorisation will be subject to disciplinary action within the club's disciplinary framework.

The above practices will be presented each year at the AGM for ratification by the members.

In the case of a Life member or a Vice President, where a card has not been used for six months or more, the balance may be taken by the Club as a donation.

Please note, you only need to be a Club Member once each season. E.g. If you are a parent of a minis rugby player, a girls netball parent *and* a social touch rugby player, you only need one Club Membership and Card (and that should be bought via GMS, if registering a player via the GMS system).

Club Memberships run from the 1st of July to the 30th of June every year.

GMS Membership Purchase

The Game Management System (GMS) will be used for the following membership schemes

- Minis & Youth playing memberships
- Adult Men and Adult Women playing memberships (15-a-side teams playing in RFU leagues)

Please buy your membership through GMS and you **MUST** add the Club Membership to your basket before adding the relevant Playing Membership to the basket.

Spond Membership Purchase

Spond will be used for the following membership schemes

- Strollers Rugby (Mens Social Contact 15-a-Side)
- Walking Rugby
- Social (incl Touch Rugby)
- Vice Presidents
- Life Members
- Netball

If you buy your membership through Spond then you need to select both the Club Membership AND Playing/Social membership ***UNLESS you already have a Club Membership from another part of the club (typically by being the parent of a child playing rugby at the club).***

Spond as a communication platform:

In addition to using Spond for taking payment for some club membership schemes, we would like every club member to join the relevant Spond group (e.g. U12 girls, Men's squad, Walking Rugby) so we can keep you up to date with important club news.

COSTS / MEMBERS BENEFITS
